

- [002]        FIELD OF THE INVENTION        ♦♦
- [003]        ~~According to the preamble of claim 1 the~~ The invention relates to speed        ♦♦  
measuring system comprising at least one speed sensor to detect the speed of  
a measuring body.
- [004]        BACKGROUND OF THE INVENTION
- [014]        ~~The problem is solved with a speed measuring system having the~~  
~~features of claim 1. Advantageous designs and developments result from the~~  
~~sub-claims.~~
- [015]        SUMMARY OF THE INVENTION        ♦♦
- [025]        BRIEF DESCRIPTION OF THE DRAWINGS        ♦♦
- [026]        ~~The invention is explained in detail herebelow~~ will now be described, by        ♦♦  
way of example, with reference to the ~~[[figures]]~~ accompanying drawings in        ♦♦  
which ~~[[show]]~~:
